

Power Law

$$y = Ax^B$$

SSR = **1.66e-03**

δx

δy

| Parameter | Value | Uncertainty |
|-----------|------------|-------------|
| A | 7.805e-01 | 1.289e-02 |
| B | -8.542e-01 | 1.745e-02 |

The relationship between the system mass and acceleration
